1 LIBRARIES

Search for videos to help you with class tasks, assignments and homework

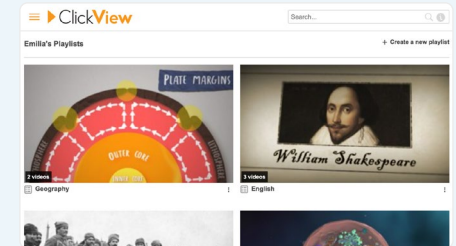

Discover thousands of videos designed and curated to enhance your learning experience. From our ClickView-produced series to the best educational TV programs, it's all here for you.

4 PLAYLISTS

Organise videos into different categories

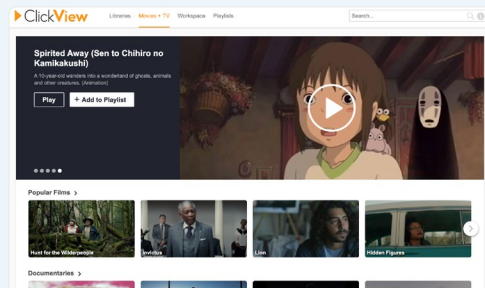

Here's where you can group videos into playlists. Use this feature to categorise video content as you study for a topic test, research for a project or create a video bibliography.

2 MOVIES + TV

Your front row seat to the latest movies and TV

Access educationally relevant, curated film and TV content to complement your classroom learning. Follow your interests or spark your curiosity with impactful video content.

3 WORKSPACE

Upload and share your own videos with teachers and peers

Get creative in your Workspace, uploading, organising and sharing videos with others at your school. Make your own interactive video by adding a layer of annotations or questions.
