

Constructing Nets

Triangular Pyramid 1

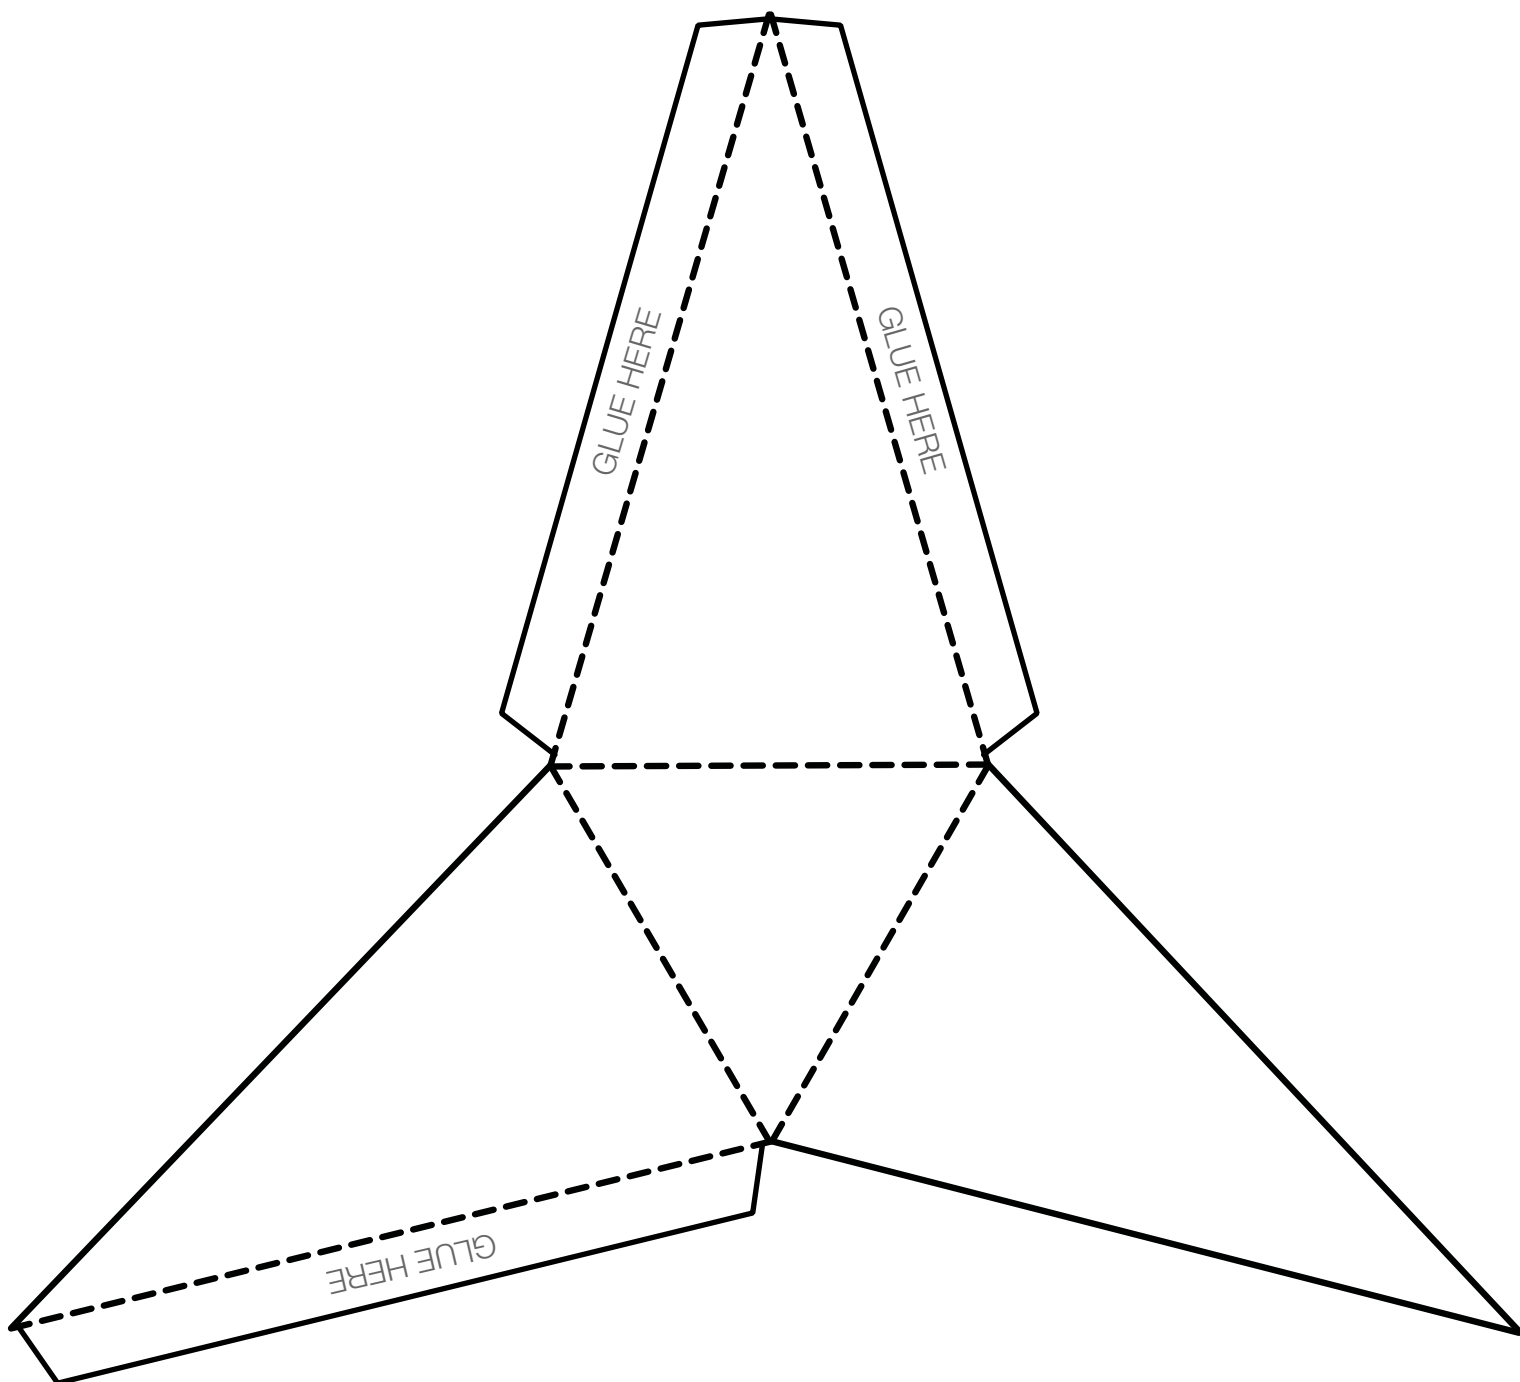

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

Constructing Nets

Triangular Pyramid 2

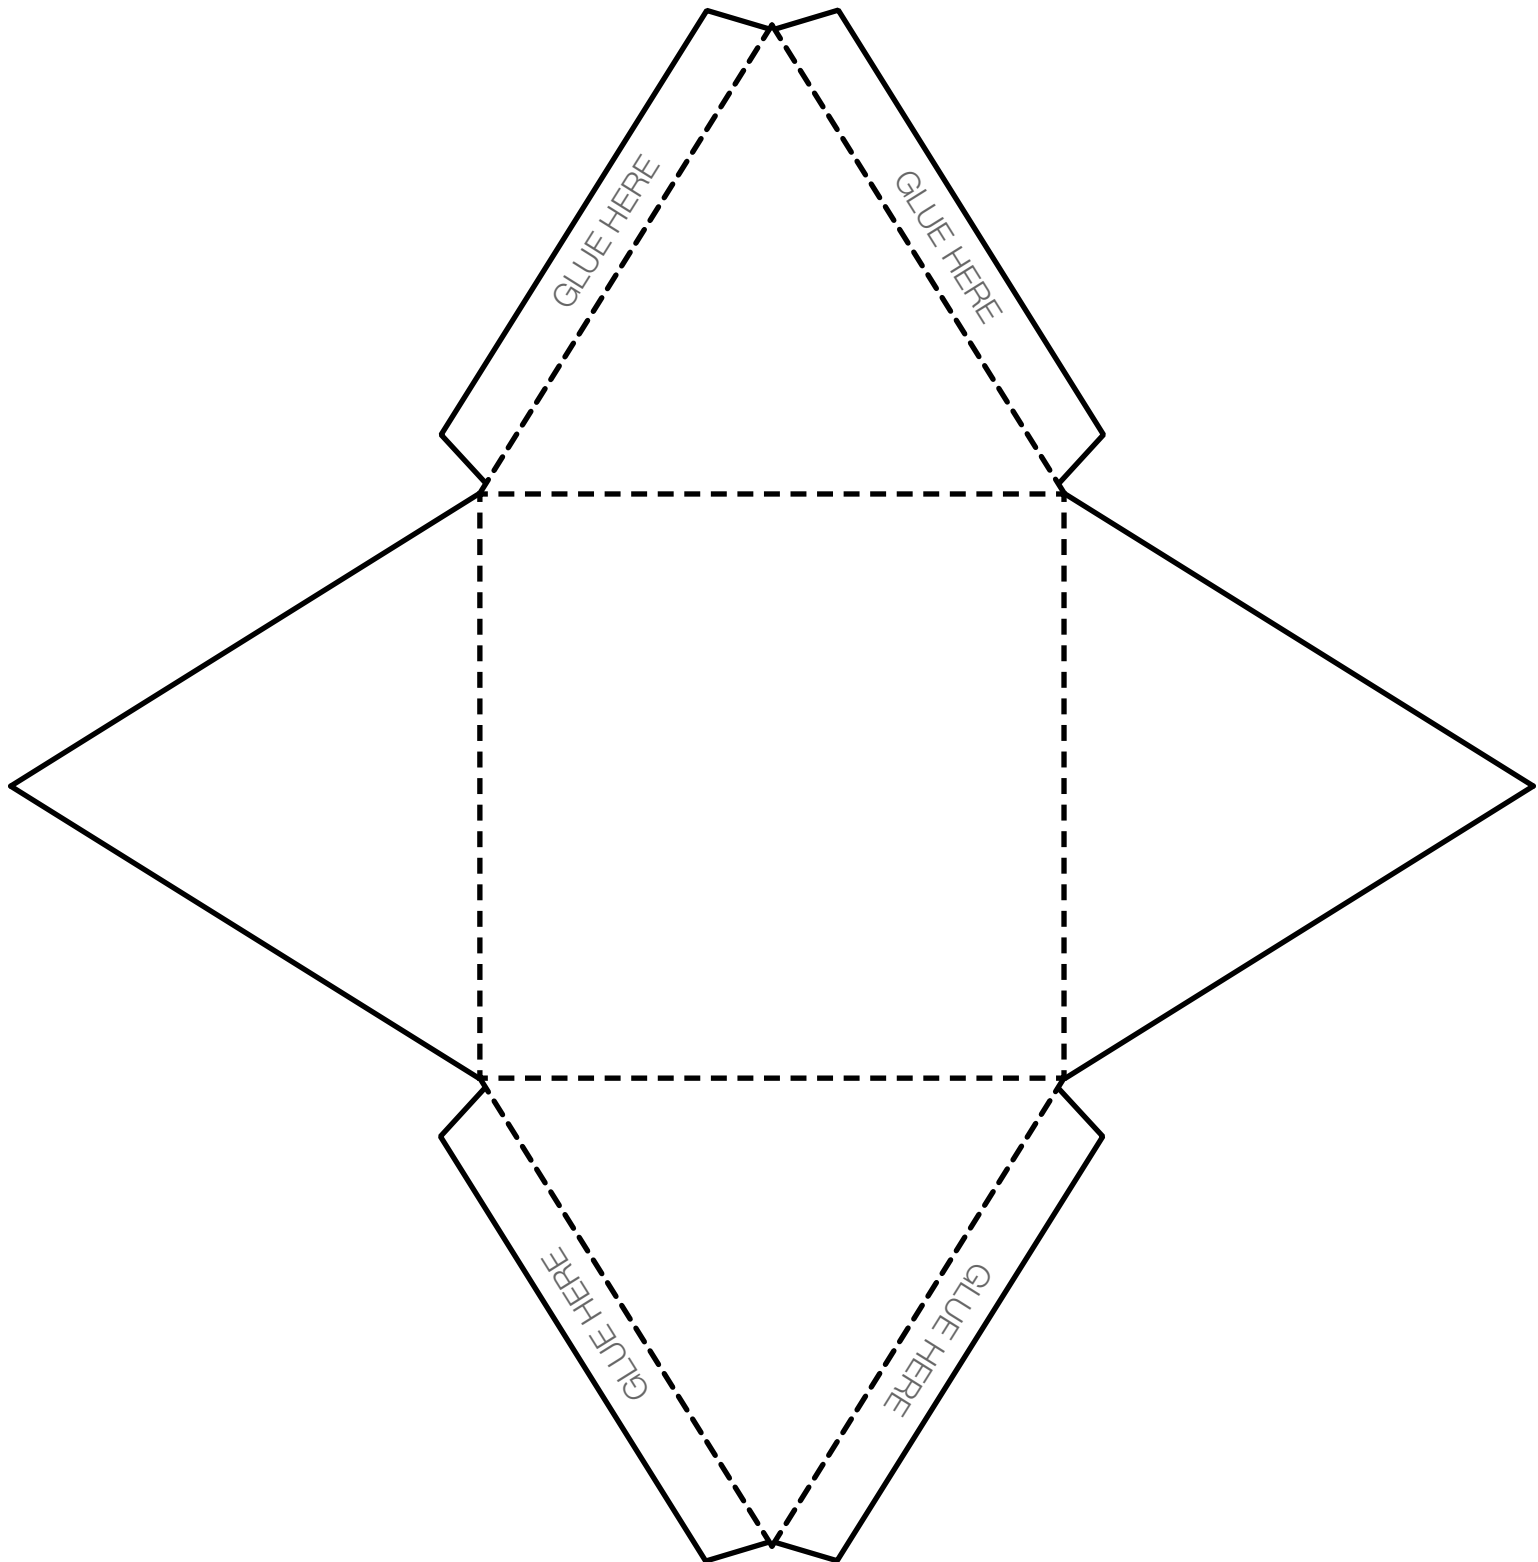

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

Constructing Nets

Square Pyramid 1

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

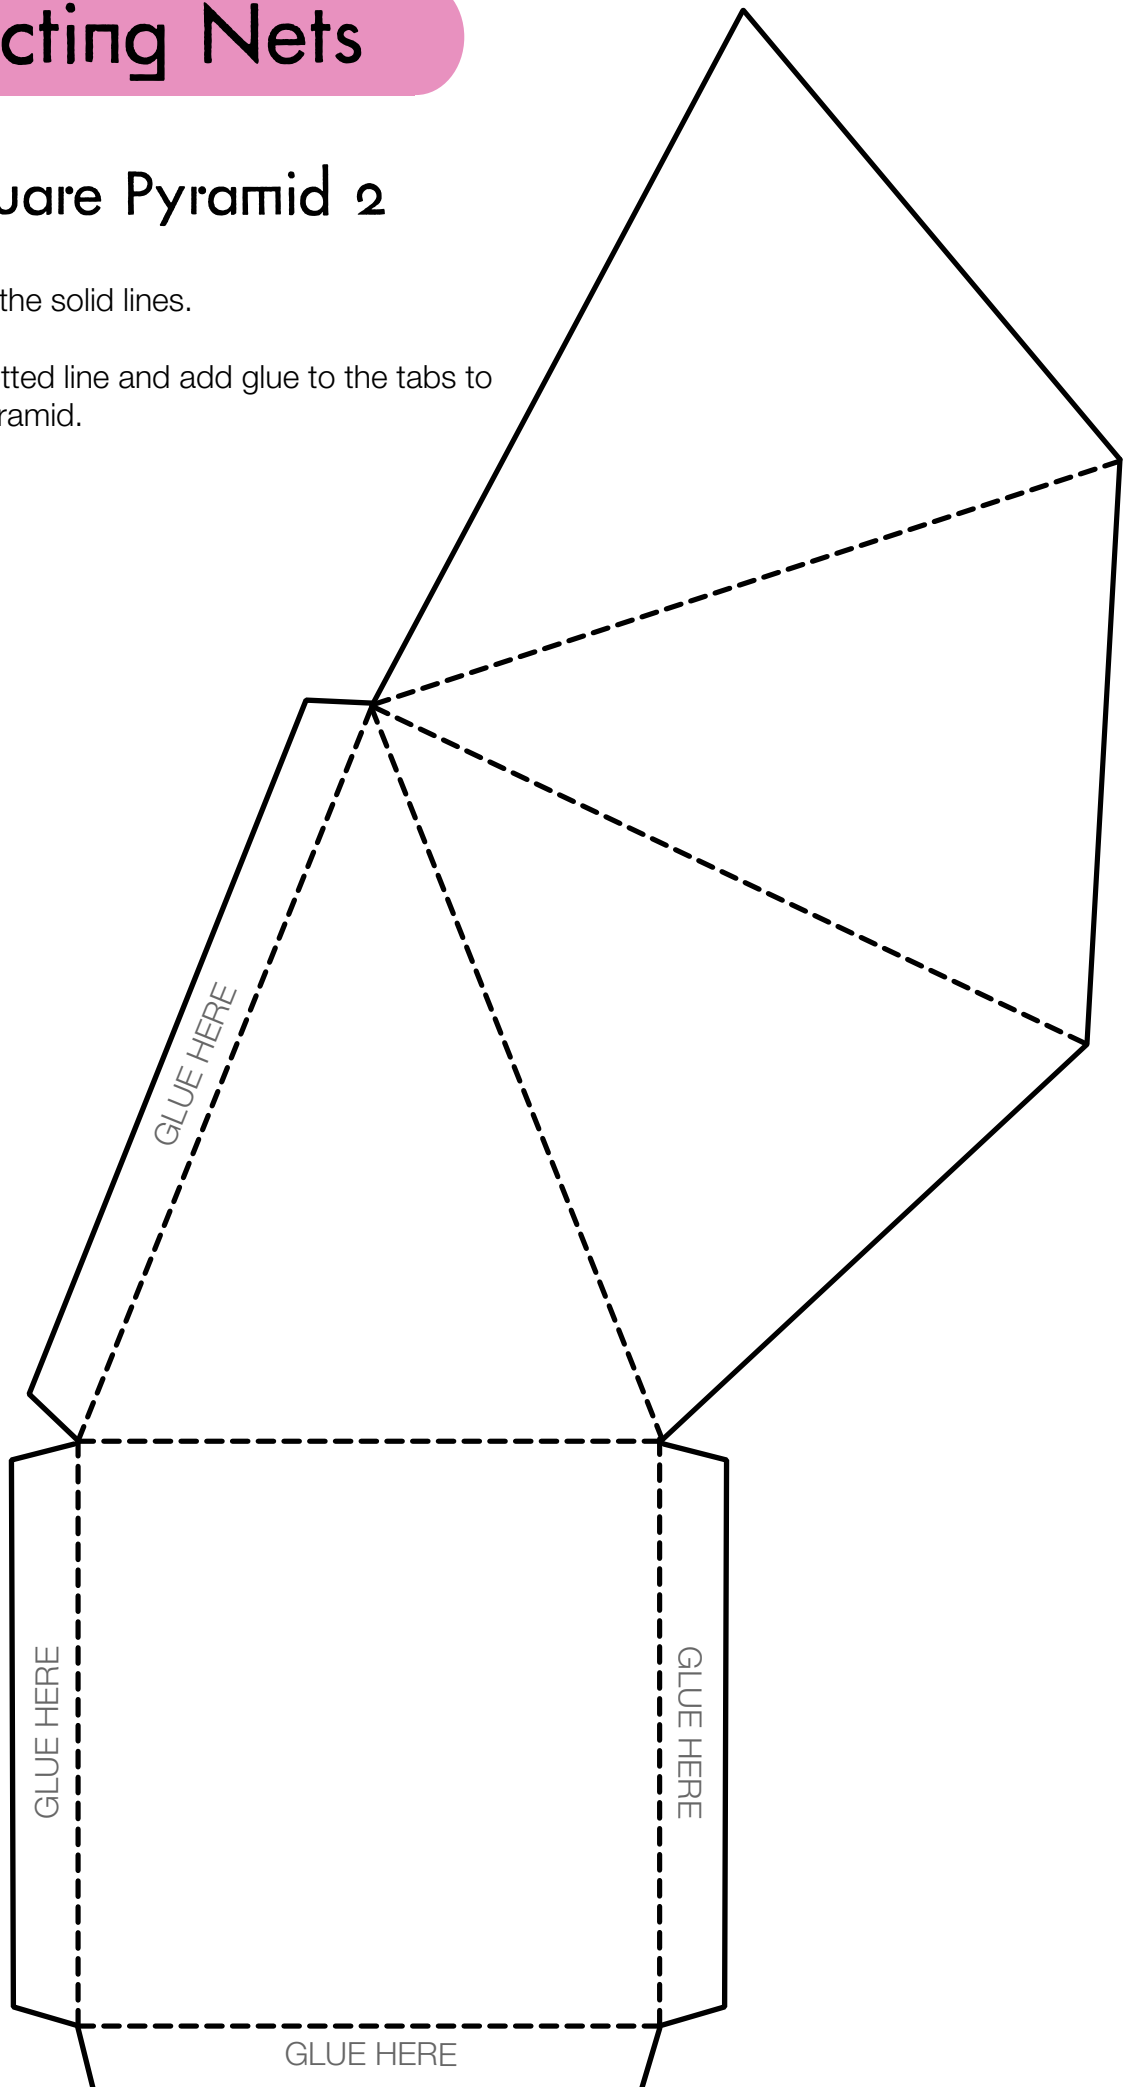

Constructing Nets

Square Pyramid 2

Cut the net along the solid lines.

Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

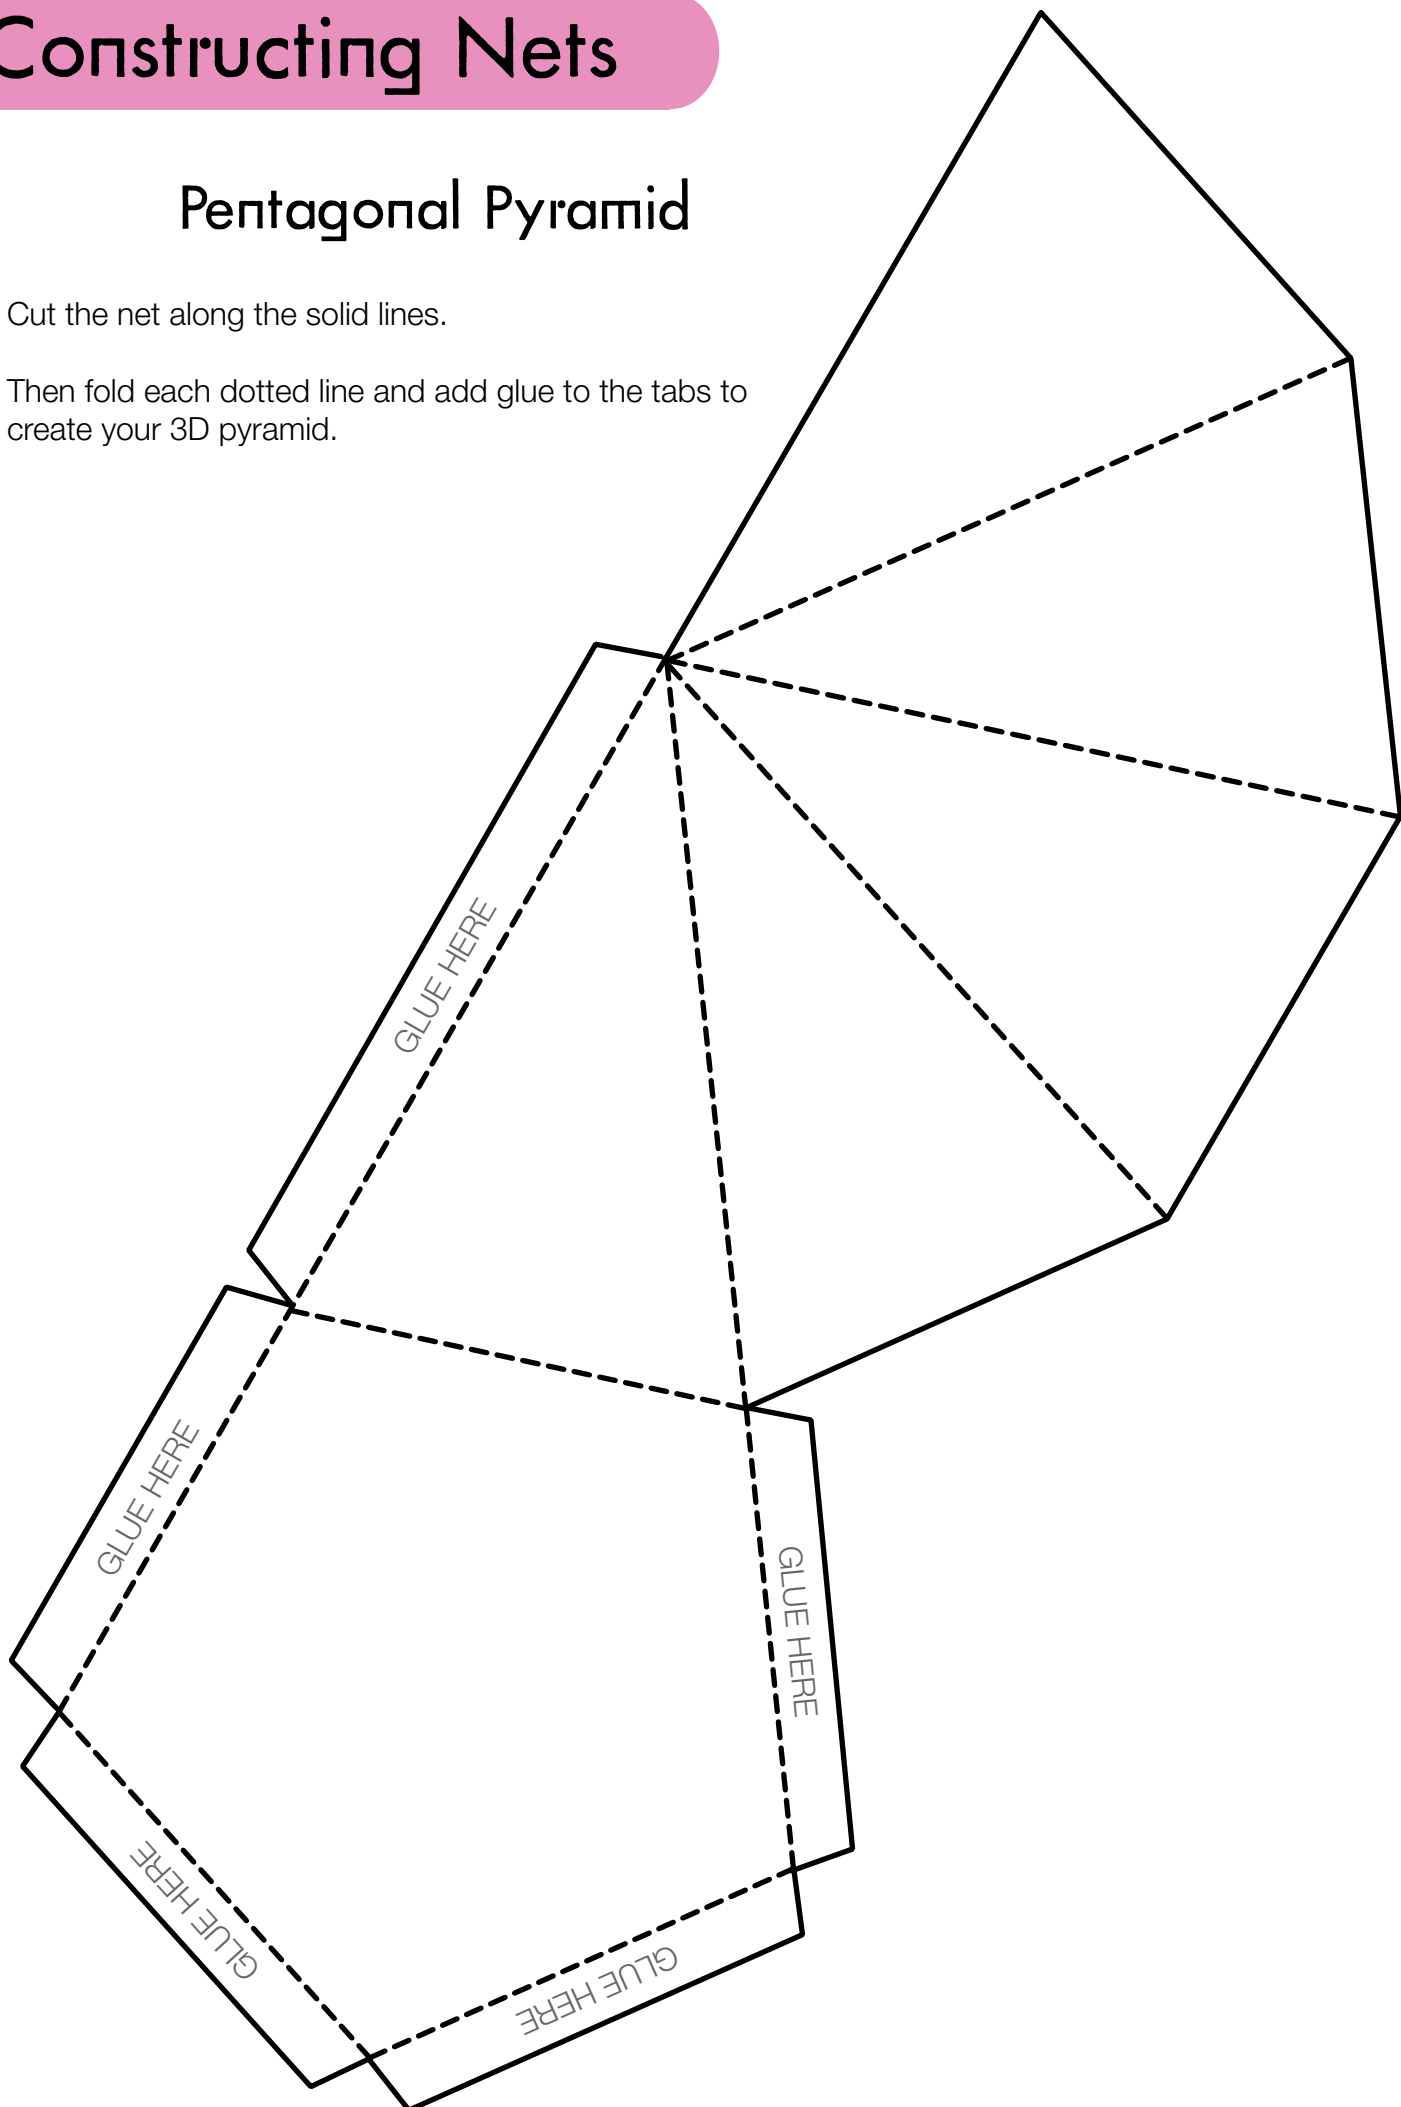

Constructing Nets

Pentagonal Pyramid

Cut the net along the solid lines.

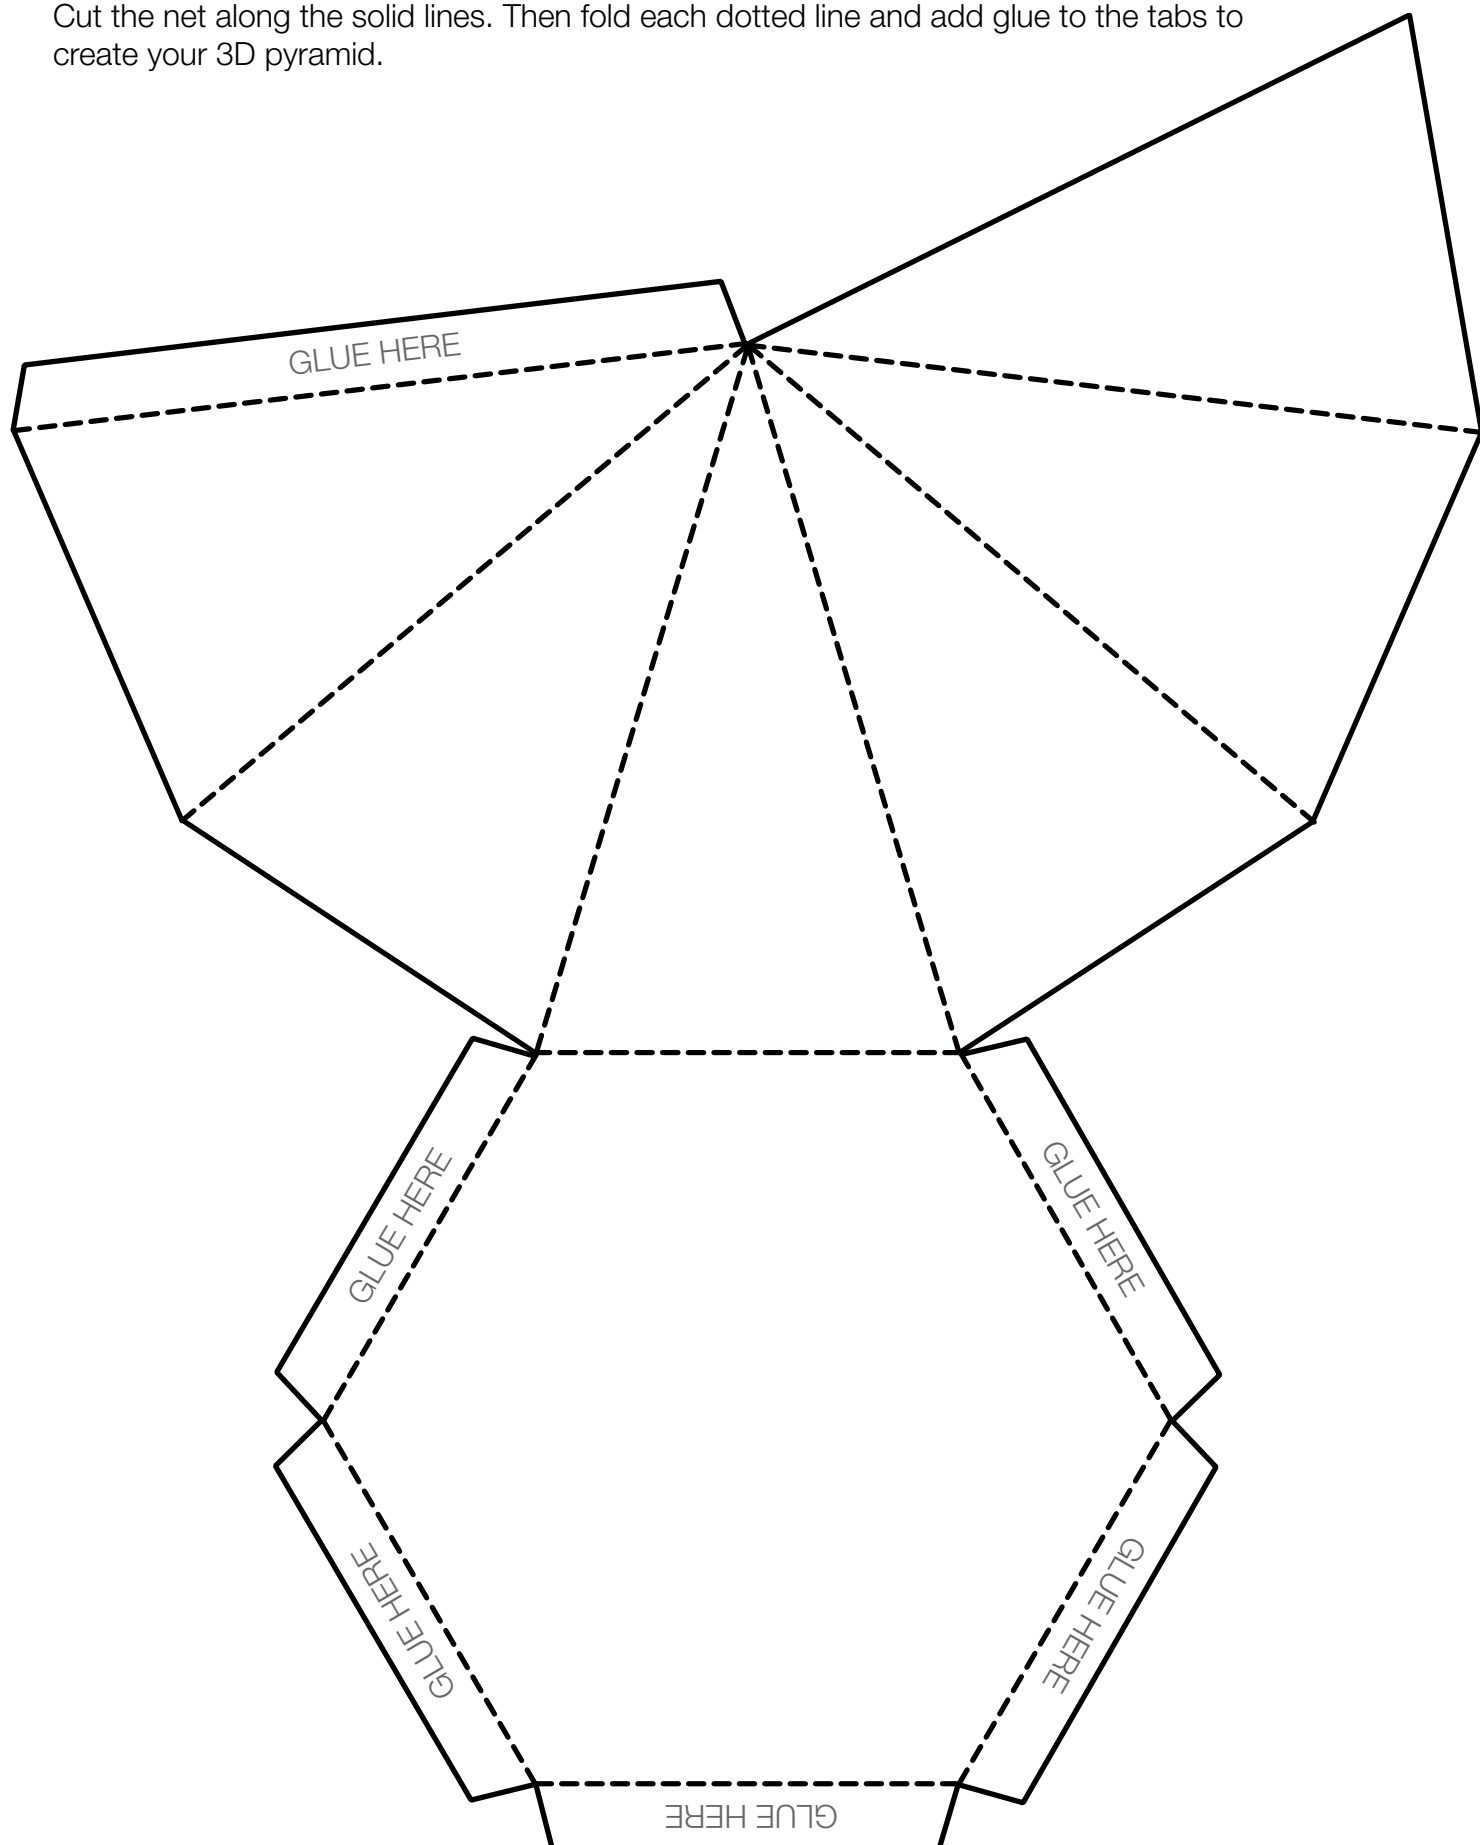

Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

Constructing Nets

Hexagonal Pyramid

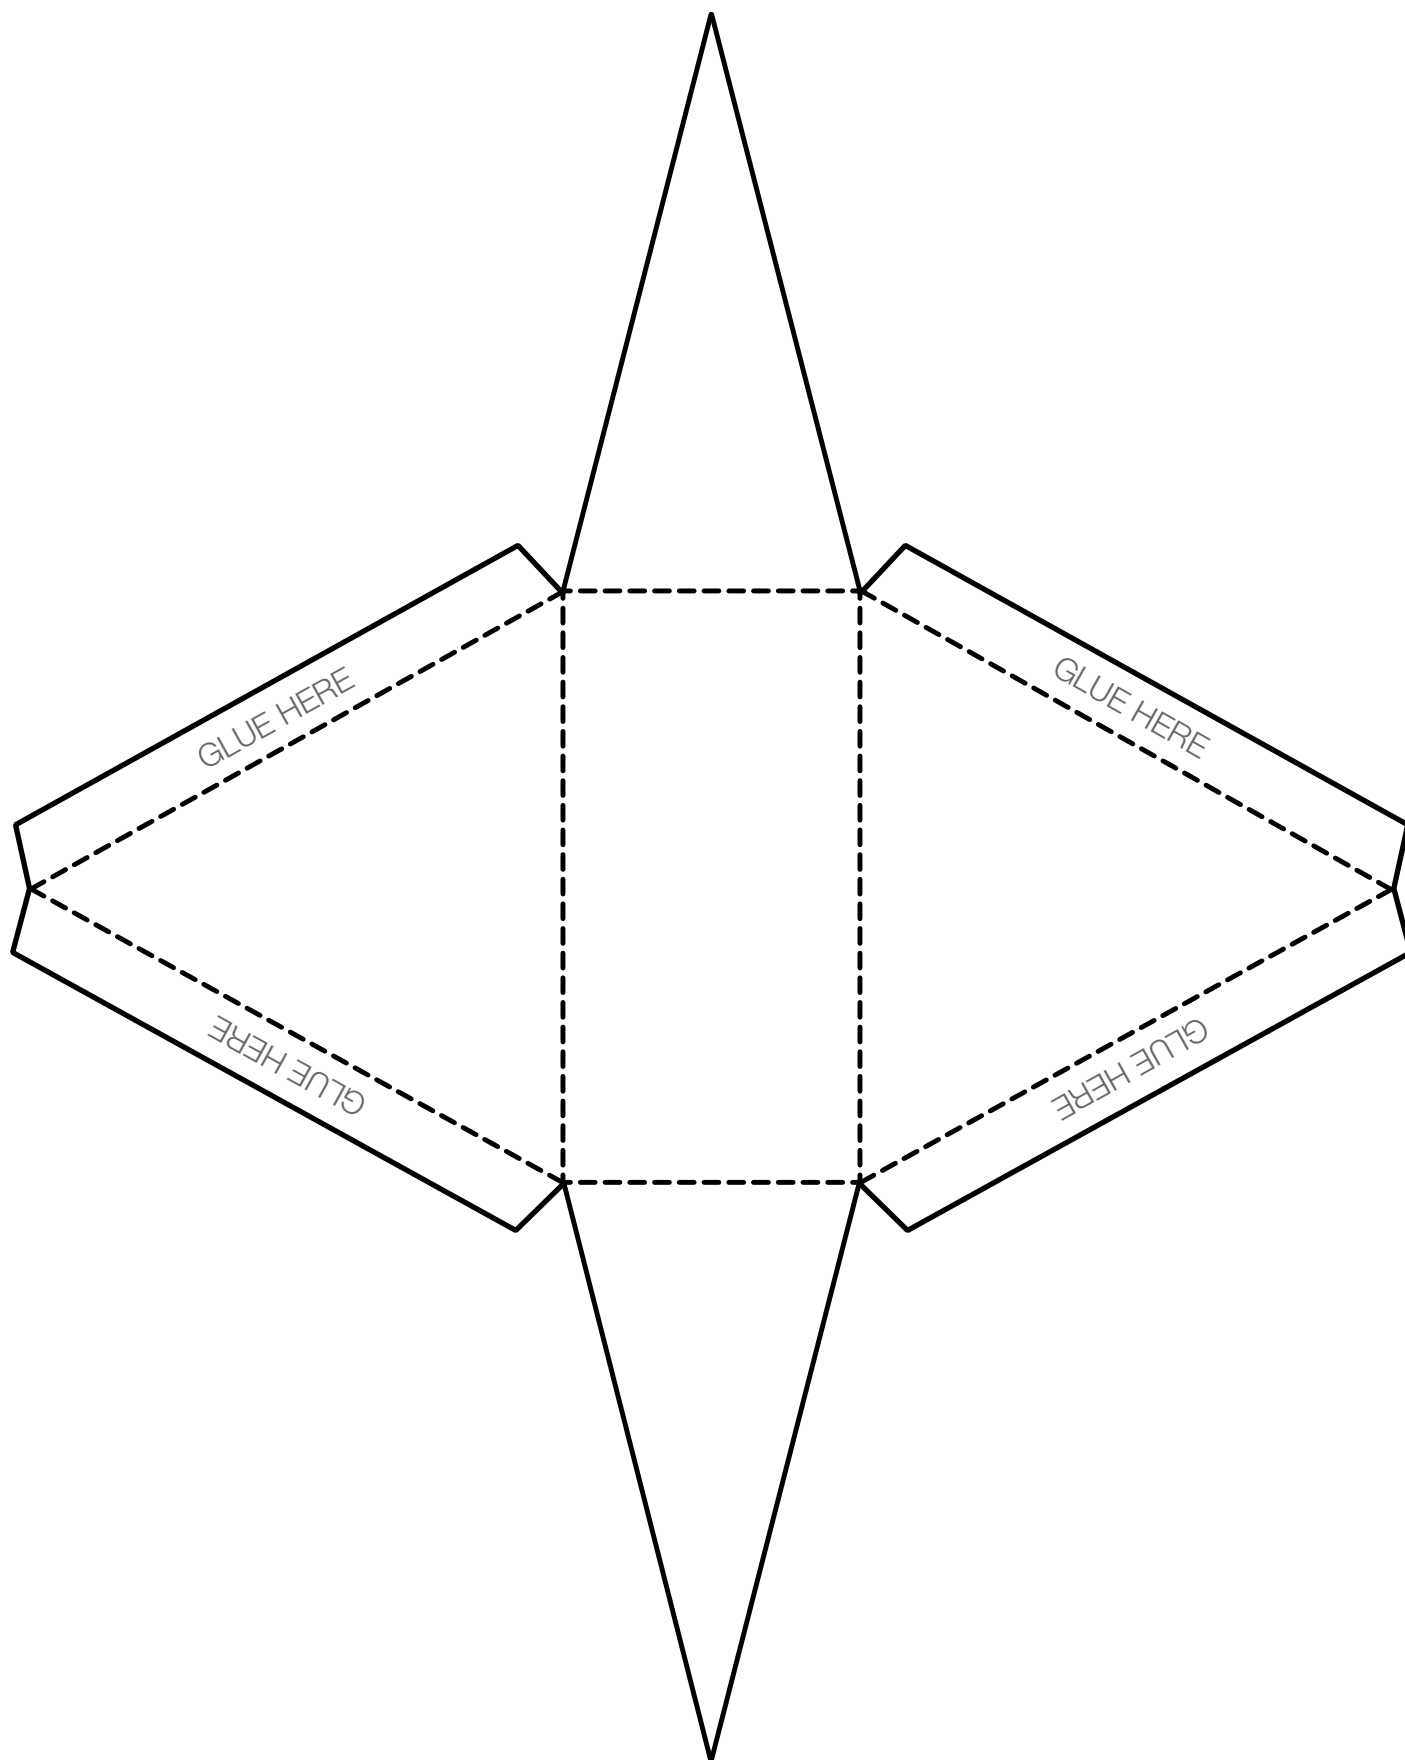

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

Constructing Nets

Rectangular Pyramid

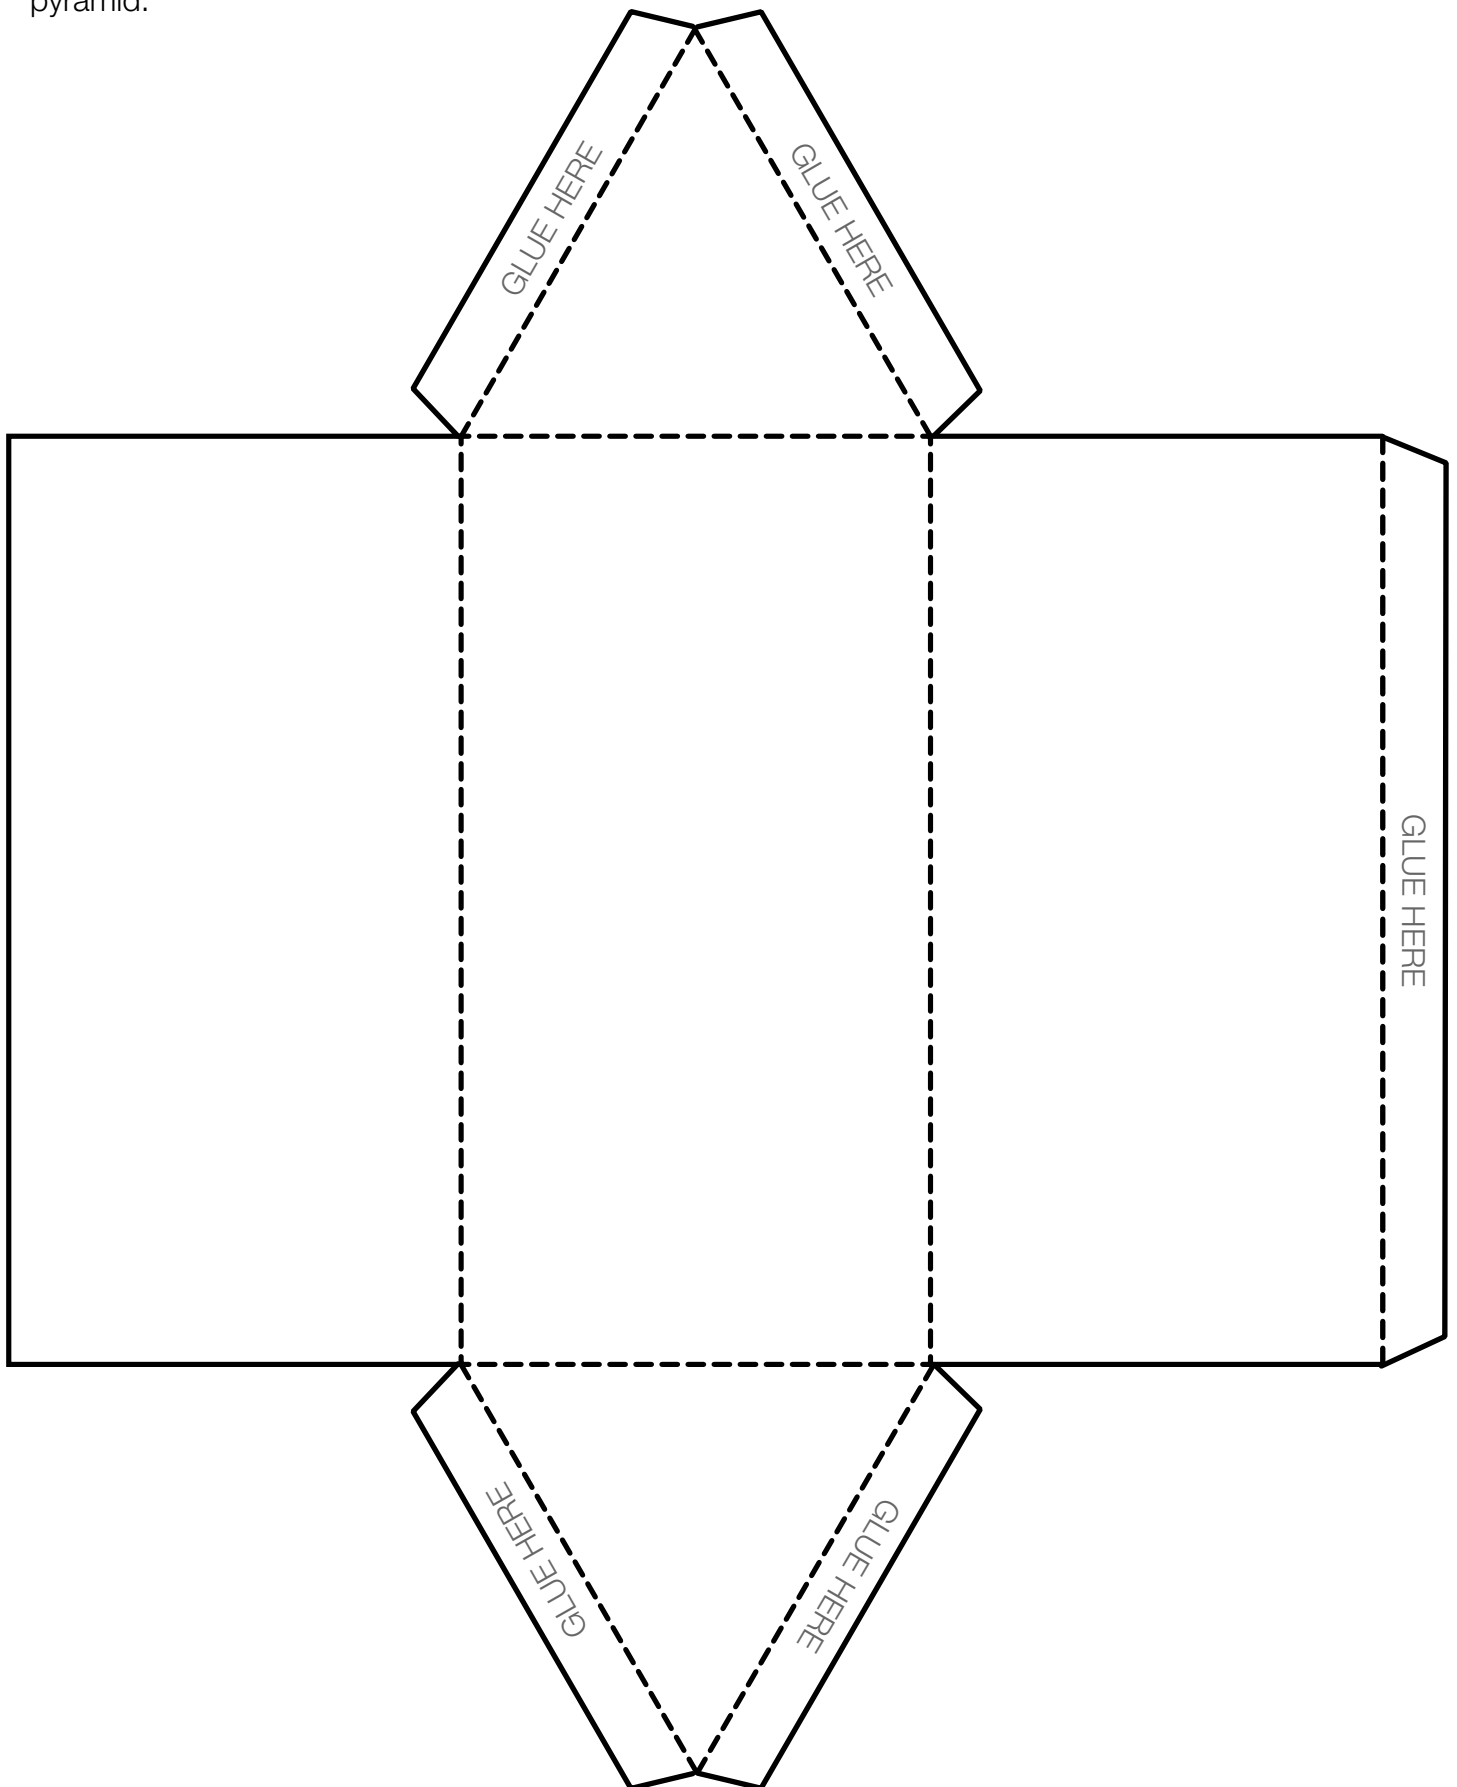

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

Constructing Nets

Triangular Prism

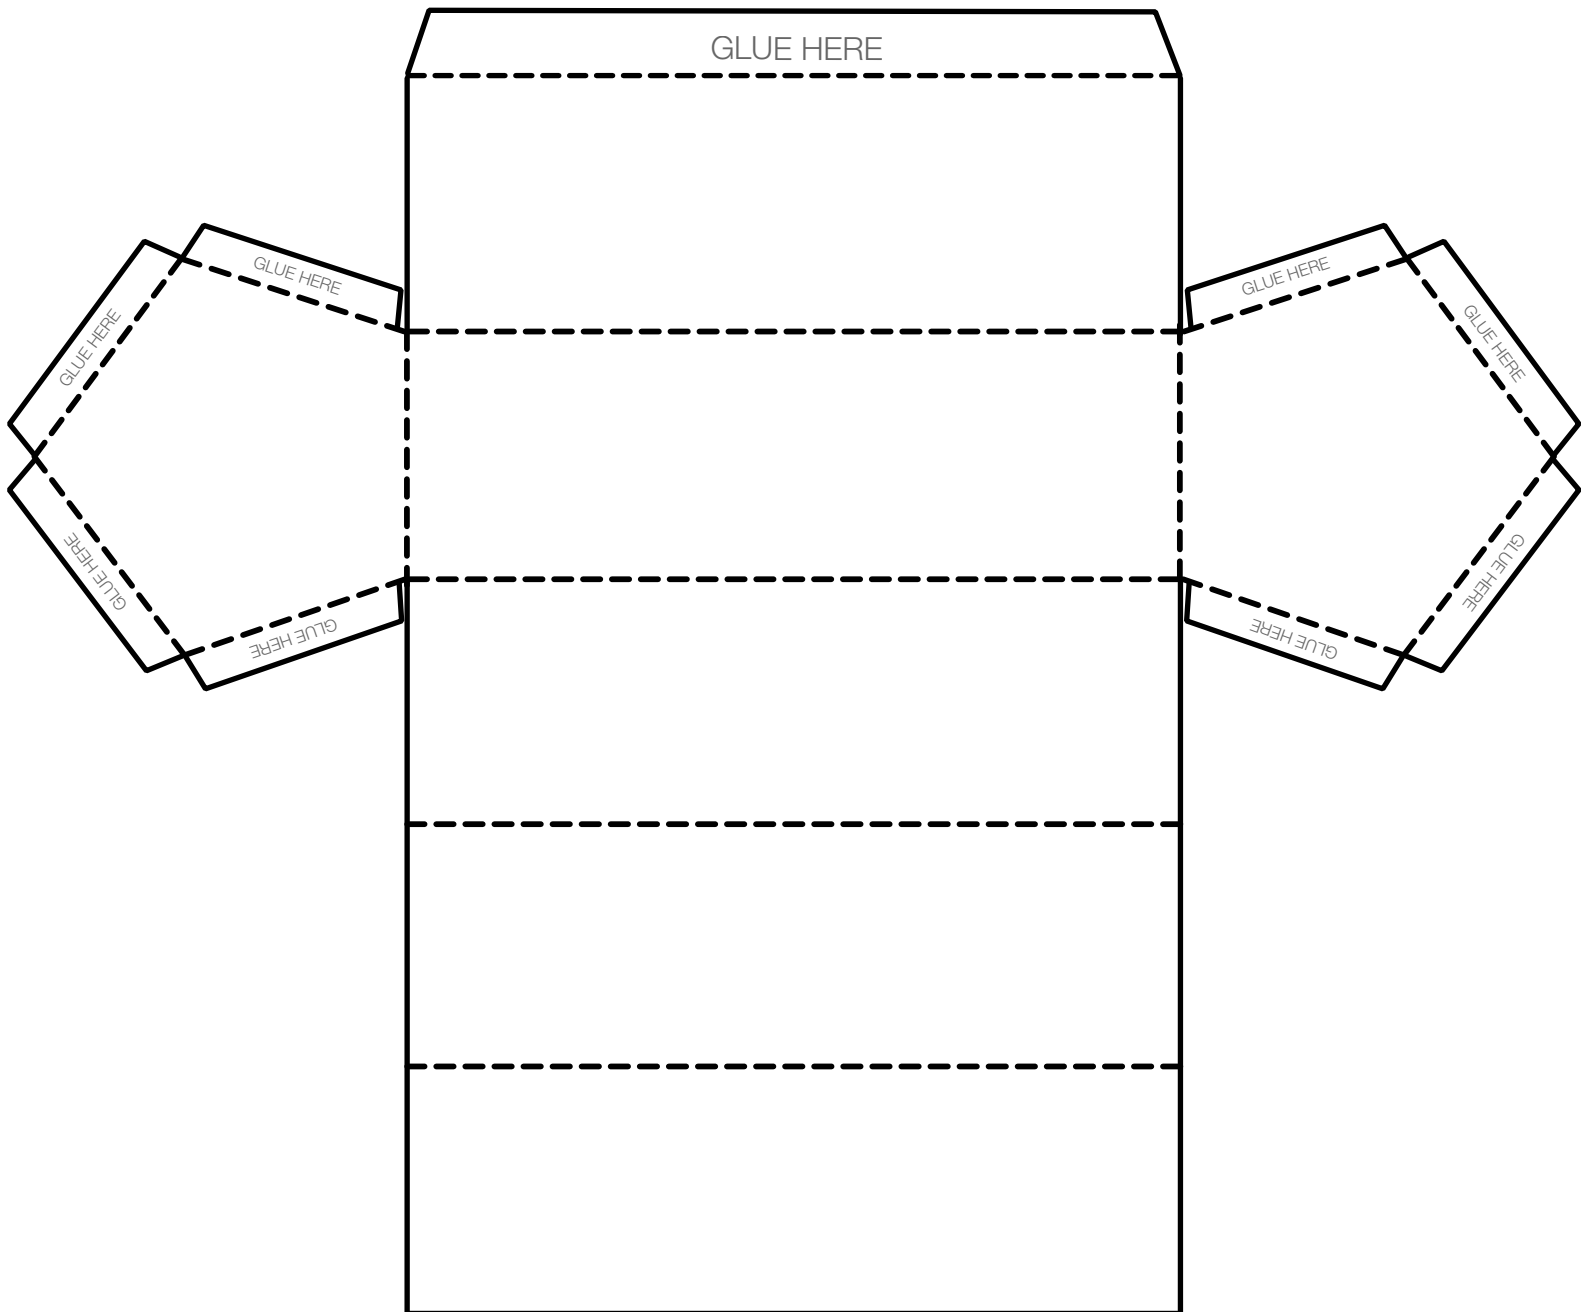

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

Constructing Nets

Pentagonal Prism

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.

Constructing Nets

Rectangular Prism

Cut the net along the solid lines. Then fold each dotted line and add glue to the tabs to create your 3D pyramid.
